## SECTION 1: IFB PROCEDURES

### 1.1 Purpose

The purpose of this Invitation for Bids is to establish statewide contracts for the purchase of printers and related services, by Authorized Users<sup>1</sup>.

The Department of Information Technology intends to make multiple contract awards in the printer categories listed in Section 2.1. In each category the first award shall be to the responsive and responsible bidder with the lowest evaluated cost and thereafter by evaluated cost rank by responsive and responsible bidder, and according to unique brand families (different from those brand families already determined to receive an award), awarding up to a maximum of three (3) contracts per printer category. It is intended that the individual awards per printer category shall be separate and distinct brand families, in order to offer the Commonwealth the broadest possible choice of printer brands.

Once a bid is selected for award, services, to support OEM warranty and post-warranty maintenance, offered by the bidder may also be awarded.

Any bidder may submit a bid offer in any single category, some, or all categories.

Contract usage or purchase volume is uncertain. An award does not guarantee any purchase by a Commonwealth of Virginia Authorized User. The resulting contract(s) shall be Indefinite Delivery, Indefinite Quantity type contracts (IDIQ).

### 1.2 Scope

This document contains the instructions governing the bid offer being submitted and the material and format in which bid offers are to be structured. Also included are mandatory contractual terms and conditions.

#### 1. GOVERNING DOCUMENTS

The governing documents for this solicitation shall be only the most recently dated Adobe PDF and other file(s) as issued and published on the ASD website at: <http://asd.state.va.us>. These files include the IFB 2001-04 solicitation document and MS Excel spreadsheet file for use in submitting the pricing and other data, as well as any and all appendices, attachments, answers to vendor questions, amendments and other pertinent documents if and as appropriate.

<sup>1</sup> State agencies, institutions and other public bodies, as defined in § 2.2-4301 of the Virginia Public Procurement Act (VPPA).

### 1.3 Pre-Bid Conference

## 1.8 Bid Format

Bidders must adhere to the following general instructions in order to bring clarity and order to the bid offer preparation and subsequent evaluation process. The bid offer is to be delivered in several parts, all within a single main response envelope labeled with the Bidder Firm name and the Solicitation number. All parts are to be submitted, both paper/hard copy and separate CD-ROM discs, each clearly and appropriately labeled. The required bid elements are as follows:

1. The first part is the cover sheet of this solicitation document. It must be signed by the Bidder's contractually binding authority, and must be submitted to the issuing Office identified on the face page of the solicitation. The firm's FIN must be entered in the space provided.
2. One complete paper/hard copy of each separate bid offer, including the complete solicitation document, and hard copies from all files submitted on CD-ROM, must be submitted in a sealed envelope labeled "IFB 2002-06 Bid Response – Paper Copy." The paper/hard copy documents will be used for contractual purposes when making a bid award.
3. All printers and related services offered must be listed and priced separately. This "LISTING" spreadsheet must include the *Product Name, Description, Part Number, Bid Price* and Index Price Document location, for pricing verification. A complete product/option(s)/service(s) listing shall consist of all:
  - Printers offered.
  - Services offered (Installation, on-site warranty upgrades, maintenance, etc.), by printer.
  - Bid prices offered (prices must match same offered in the Pricing Spreadsheet)

All document(s) file(s) must also be submitted in an appropriately labeled sealed envelope, in MS Word format on an appropriately labeled CD-ROM disc, in a Table formatted as follows:

<u>Product Name</u>	<u>Description</u>	<u>Part Number</u>	<u>Bid Price</u>

4. Pricing Spreadsheet, (see Section 2.2). The Pricing Spreadsheet (downloaded from the ASD website) is to be submitted on a separate, clearly marked CD-ROM disc. The Pricing Spreadsheet must be delivered in accordance with instructions contained in Section 2.2. Be advised, you are required to

download a MS Excel spreadsheet file for your required use in submitting this cost information. You must follow the instructions given for downloading and supplying required information and costs by inserting data into the spreadsheet file supplied at the ASD website (see Section 1.10). This cost information must be submitted in MS Excel format, and only one CD-ROM disc is required.

5. A redacted bid offer, but only if necessary, for identification of proprietary information. The revised bid offer, with proprietary information redacted, is to be submitted on a separate CD-ROM disc. Please refer to the preceding paragraph # 1.7 for instructions. Data that has been removed must be so noted and there must be an explanation for each item removed as proprietary. NOTE: IT IS NOT ACCEPTABLE TO MARK AN ENTIRE DOCUMENT AS PROPRIETARY. IT IS ALSO UNACCEPTABLE TO MARK THE BID PRICING AS PROPRIETARY. Bidders are referred to the Commonwealth of Virginia Vendors' Manual, section 1.9 for clarification.
6. If not the OEM of printer offered, the Bidder must supply with the bid, a hard copy, written confirmation, signed by a responsible person from the OEM, that states that the bidder is a regular dealer of all OEM products and services offered.

From the above URL, right click on "Spreadsheet", then select "Save Target As ...", provide the file extension "xls" to the file name, and then save it to your desktop or other location. After the file download completes you may use MS Excel to open the file.)

THIS FILE MUST BE USED UNMODIFIED (EXCEPT For Bidder Information and Pricing) FOR SUBMISSION OF ALL BID PRICING ON THE CD-ROM DISC SUBMITTED IN RESPONSE TO THIS SOLICITATION. PRICING not organized in this manner may cause bid to be ruled non-responsive for failing to specifically address these requirements.

The instructions for completing the various printer category worksheets are re-printed here.

- \* Supply the requested information in column A, above, by filling in Column B.
- \* You may bid in ANY ONE, SEVERAL or ALL Printer Categories listed in worksheets A through G.
- \* On subsequent worksheets supply printer purchase pricing and other required information in the appropriate cells.
- \* Manufacturer's specification sheets for each printer offered must be supplied, in a PDF file format, and provide either a hyperlink or path to the file location on the CD-ROM disc.
- \* The Index Price Document or URL, publicly available, where the index price for the printer/option/service can be found. It must be supplied for each printer and model offered, in Column J.
- \* Supply data for labeled Columns A through K, (with the exception of "F", which is calculated by formula).

- \* Sample data is shown in red on each worksheet.
- \* Columns calculated by formula are shaded gray.

### 2.2.2 EVALUATION OF COSTS:

**Evaluated Cost (EC)** for each printer offered will be each offered printer's purchase price. Where multiple printers are offered by a bidder in a single category, an **Evaluated Cost Average (ECA)** of all individual evaluated costs will be calculated.

Ranking of bidders by relative cost and brand family within printer categories will be ordered in escalating **EC** or **ECA**, and also by distinct printer brand family, for the purpose of making multiple awards within printer categories.

### 2.2.3 CONTRACT PRICING:

Contract Line Item Number (CLIN) Pricing for all printer/options/services offered shall be determined by the application of a Contract Discount, from a publicly available published Index Price document or URL (Internet website). Contractor(s) must, at all times during the term of this contract, make available to the Commonwealth (preferably in electronic form), the current Index Price of each contract item. The Index Price may come from such publicly available published documents as a price list (such as "Retail" catalog pricing) or from a contract, which is still in effect at the time of contract award (such as a "GSA" or other contract) or from a website URL where such documents or pricing are publicly available. Distributor or Reseller catalog pricing is not acceptable for this purpose.

Contractor(s) shall update the Index Price document on a regular basis and provide the updated Index Price document to the Contracts Manager, DIT. The schedule for providing such updates may be at the contractor's convenience dependent upon contractor's frequency of publication of pricing changes (i.e. daily, weekly, monthly, etc.), but in all cases shall, at a minimum, be provided to the Contract's Manager, DIT on a quarterly basis. The current Index Price for each CLIN will be published on the ASD website for the convenience of authorized contract users. At no time shall a lower price than the Index Price less Contract Discount be offered to government customers within the Commonwealth of Virginia. Any promotional or otherwise "special" pricing must be available to all authorized contract users. (Please also refer to T&C #35, page C10.)

ALL CONTRACT PRICES MUST BE NOT-TO-EXCEED PRICES. At no time during this agreement will a Contractor be allowed to exceed the prices offered in the IFB response, except as provided herein. The Master Contract pricing shall therefore be Not-To-Exceed (NTE) pricing.

After contract award(s), DIT will use the NTE prices in the following manner. Printer/options/services Index Prices offered shall be verifiable by referring to the most current Index Price document. All subsequent CLIN price changes for product replacements, whether caused by manufacturer price changes, obsolescence, etc. will be governed by the application of the constant Contract Discount (calculated at date of award) for the life of the Master Contract.

#### **2.2.4 Product Substitutions and/or Additions**

The Contractor may substitute or replace products that are of equal or greater value and equivalent or greater specification to existing contract items, as necessary, when the change is required due to the Manufacturer's or OEM's printer/option/service changes. All changes must be reflected by the Index Price document or website URL designated for that item, prior to substitutions of CLINs. Printers/options/services may also be added to the contract as the need arises, upon mutual consent of the Commonwealth and contractor, but only at the Contract Discount for like items or items within the same categories.

#### **2.2.5 Index Price Document or URL Persistence and Contract Administration**

It is the intent of the Commonwealth to be able to use all Index Price Documents, their updates and/or website URL(s) supplied with the bid offer for the life of the contract. In the event that any of these cannot be persistently maintained, the contractor must notify the Contracts Manager, DIT of any and all changes to them a minimum of 30 days prior to any changes. For evaluation purposes, the Index Price Document or website URL provided on the printed hard copy will be used to verify and validate the Contract Discount for all printers/options/services initially offered. Should any change to the Index Price document or website URL(s) provided with the bid offer be made prior to award, but after this solicitation's due date, bidder must notify DIT/ASD immediately. E-mail notification is preferred. Please direct e-mail, with ***"IFB 2002-06, Index Price Document/URL Change Notification"*** in the Subject line, to the attention of John Tackley at the following e-mail address:

[jtackley@dit.state.va.us](mailto:jtackley@dit.state.va.us)

and also follow up the e-mail message notification with an original hard copy mailed to:

Mr. John Tackley  
Department of Information Technology  
Acquisition Services Division  
110 South 7th Street – East Lobby Floor  
Richmond, Virginia 23219

#### **2.3 Intention of Working Configuration**

It is the intent of the Commonwealth to receive a complete working printer configuration at the bid price. For Portable and Desktop/PC-attached printers, sufficient memory and an appropriate interface cable, a minimum of 6 ft. in length, shall be included. For Workgroup/network-attached printers, network interface, sufficient memory and a 6 ft. minimum length, Category 5 patch cord shall be provided. For any other printer method of attachment, interface, sufficient memory and an appropriate means of attachment cable must be offered and priced. Any incidental items omitted from bid offers but needed to make a complete working configuration shall be provided by the Contractor and shall be considered included in the printer's offered bid price.

## **2.4 Bid Evaluation Period**

The Commonwealth may elect to conduct testing of products offered before the award of the Contract. All Bidders should be prepared to provide hardware and system driver software for such testing prior to award. Should the COV elect to test a Bidder's hardware and driver software, the Bidder must provide one (1) evaluation unit for each configuration bid. If the COV determines that the Bidder's hardware and/or driver software do not meet the specifications as stated in the IFB, the bid will be rejected. The Bidder shall be liable for all costs associated with the hardware and software submitted for evaluation.

## **2.5 System Software / Driver Software**

Each delivered printer shall be delivered with the most current drivers for all operating systems available from the OEM or other source. The Bidder shall provide each printer with a perpetual, non-transferable and non-exclusive driver software license, and shall deliver all original software media and manuals with the printer. The Authorized user will have the right to make, for internal use, as many additional copies of drivers as it deems necessary.

## **2.6 Delivery**

## **2.7 Warranty Maintenance**

Please refer to T&C #48 on page C13.

### **SOLICITATION INSTRUCTIONS**

REV. 11/01/01

#### **1. EXPLANATION TO VENDORS**

Any explanation desired by a vendor regarding this solicitation/invitation for bid must be requested in writing and with sufficient time allowed for a reply to reach the vendor before the submission of their bids. PRIOR TO SUBMISSION OF A BID, VENDORS ARE REQUIRED TO READ THESE INSTRUCTIONS, REVIEW THE SCHEDULE, READ ALL TERMS AND CONDITIONS AND CHECK THE ACQUISITION SERVICE DIVISION'S (ASD'S) WEB PAGE AT ([HTTP://ASD.STATE.VA.US](http://ASD.STATE.VA.US)) FOR ANY AMENDMENTS OR CHANGES. THIS SOLICITATION IS SUBJECT TO THE PROVISIONS OF THE COMMONWEALTH OF VIRGINIA VENDOR'S MANUAL WHICH WAS REVISED IN DECEMBER 1998 AND ANY REVISIONS THERETO, WHICH ARE HEREBY INCORPORATED INTO THIS CONTRACT IN THEIR ENTIRETY. A copy of the manual is available for review at the purchasing office, and can be obtained by calling the Division of Purchases and Supply (804) 786-3842, or by accessing the Department of General Services (DGS), Division of Purchases and Supply (DPS) Internet Home Page ([www.dgs.state.va.us/dps](http://www.dgs.state.va.us/dps)). Any interpretation required by the State will be in the form of an amendment to the solicitation; SEE PARAGRAPH 11 BELOW. Oral explanations or instructions given before the award of the contract will not be binding. In any conflict arising between this solicitation and the Vendors' Manual, this solicitation shall prevail.

#### **2. PREPARATION OF SOLICITATION**

A. Bids shall be submitted on the forms furnished, and must bear an original signature by an individual authorized to bind the company submitting the bid. If erasures or other changes appear on the form, each erasure or change must be initialed by the person signing the bid. Telegraphic or facsimile bids will not be considered. Vendors may not submit multiple bids in a single envelope.

B. Vendors are required to enter their Federal Identification Number [FIN] in the upper right hand corner on Page 1, DIT Form 62. This number must correspond with the FIN number shown on Page 1 of the DIT Vendor Application For Registration Form submitted by a principal or officer of the firm submitting the bid. Failure to enter a number in the space provided or to provide a correct FIN number may delay award or result in DIT determining that the vendor is not registered to conduct business with DIT. It is the vendor's responsibility to provide the correct FIN number and to keep DIT updated as to any changes in vendor's status.

C. The bid form may provide for submission of a price or prices for one or more items. All prices shall be entered in the schedule; DIT Form 62A or 62B. Where the bid form explicitly requires that the vendor bid on all items (e.g., an all or none requirement), failure to do so will disqualify the bid. When submission of a price on all items is not required, vendor should insert the words "no bid" in the space provided for any item on which no price is submitted.

D. Additional bids may be submitted, when in the vendor's judgment they can provide more than one solution which meets the required specifications of the procurement. Additional bids shall be submitted on either a duplicate copy of the bid document or on plain paper and shall be clearly identified with the words "ADDITIONAL BID" written or printed on the face of each additional bid. Additional bids shall not be considered unless detailed specifications or descriptions sufficient to establish quality, utility and merit accompany the bid.

VENDORS SUBMITTING ADDITIONAL BIDS ARE REMINDED THAT THE TERMS AND CONDITIONS WHICH APPLY TO THE ORIGINAL BID SHALL ALSO APPLY TO THE ADDITIONAL BID AND ANY MODIFICATION TO TERMS AND CONDITIONS OF A SOLICITATION OR THE ADDITION OF RESTRICTIVE PROVISIONS BY A BIDDER SHALL BE CAUSE FOR REJECTION OF THE BID.

E. Modification of bids already submitted will be considered if received at the office designated in the invitation for bids before the time set for opening of bids.

	City, State, Zip Code	
	Due Date	Time
	IFB No.	

### **4. SPECIFICATIONS AND USE OF BRAND NAMES**

The award will be made to the lowest responsive and responsible bidder or offeror offering the functional equivalent to the brand name described in the specification. Thus, equivalent products of other manufacturers will be considered only if proof of equivalency is contained in or accompanies the bid.

The request must be signed by a person authorized to represent the person or firm that submitted the bid. Submission of a subsequent bid shall normally constitute the withdrawal of any prior bid submitted by the same bidder or offeror on the same IFB.

### **6. PUBLIC OPENING OF BIDS**

Bids will be publicly opened at the time and date specified on page 1 of the Solicitation document. The content of these solicitations will be made public in accordance with Paragraphs 1.9 and 2.4 of the Vendor's Manual. Bids will not normally be evaluated at the bid opening meeting. All bids will be opened at the location shown on page 1 of the solicitation.

### **7. SOLICITATION TERMS AND CONDITIONS**

The terms and conditions contained in this solicitation are considered mandatory and are the only terms and conditions governing transactions under any contract awarded as a result of this solicitation. If the vendor includes additional terms and conditions on pre-printed marketing sheets, pre-printed catalogues, or other pre-printed materials, then it is understood that those terms and conditions are of no consequence to any resulting contract.

Any other modification, addition, clarification, or change to the mandatory terms and conditions by the vendor shall cause the bid to be rejected.

### **11. AMENDMENT OF SOLICITATION**

Any amendment or change to this solicitation will be issued in writing and will identify the changes to be made in the bid. All amendments will be posted to the ASD's Web page at (<http://asd.state.va.us>) and posted in ASD's lobby in written format.

If the bid opening date is extended the new date and time will be clearly shown on the face of the amendment.

### **12. ANTI-COLLUSION CERTIFICATION**

By Bidder's signature on the face of this bid, Bidder certifies that this bid is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a bid for the same equipment, software, or services, and is in all respects fair and without collusion or fraud.
